

SERVITUDE – ATTITUDE OF SERVICE

We truly, and I admit humbly, have chapter “family” members who have an attitude of service; “**servitude**,” if you will. The word servitude, from a carnal sense, is totally contrary to the Christ mindset where we are to emulate His example. The world preaches: “get all you can, can all you get, and sit on the can; regardless of what means it takes to get it.” What a selfish, “it’s all about me” mindset. If more of us – even in the business world – would operate in an attitude of service, we would find our businesses prospering. I know, in my home, if I function as a servant-leader, then life is better. Christ was (and still is) the perfect servant-leader reflecting that the greatest of all will be the servant of all. I’m still learning this, and finding that greatness in the eyes of God is not by climbing the ladder of success, but by diving into a life of service.
